

## TEAM SUCCESS

In the East Sussex Cycling Association 50-mile trial on Sunday, Hastings and St. Leonards Cycling and Athletic Club enjoyed its first team success since the 1955 season.

Only three members rode, but each did his best time of the year at the distance, and their aggregate time was about 3½ minutes better than that of the Southborough club's team, who were next among the nine competing clubs.

A. Moorhouse was fourth fastest in 2hr. 12min. 35sec.; M. Carpenter did 2hr. 13min. 23sec.; and J. Southerden 2hr. 16min. 58sec. The winner was K. Griffiths, the Uckfield Club's fast veteran, who did 2hr. 9min. 11sec.

In the women's section E. Rolleston did 2hr. 35min. 10sec.

The Sunday run went out to Chalvington for lunch, and tea was at Hawkhurst.

Some fast times have been returned in the club's recent 10-mile trials, and in last week's event two were inside 25 minutes, with A. Moorhouse first in 24min. 50sec.; and M. Carpenter second in 24min. 59sec.

Tomorrow's run will leave from the King's Head, Ore, at 6 a.m. - Tea will be at Beckley.
