

SHIELD HELD

Three members of the Hastings and St. Leonards Cycling Club rode in the Kent 12-hour trial on Sunday. Father Rolleston had a private trial and did about 201 miles with a puncture delay; M. Carpenter was third in the tricycle section with about 208 miles; and J. Southerden did 224 miles.

The club run went to Brenzett, to assist riders in the 12-hour event, and afterwards went to Boreham Street for tea.

The club's 10-mile junior championship for the Powell Shield was also held on Sunday, and L. Chambers won it for the second year running, his time of 26min. 2sec. being a very good effort for the windy morning. M. Lingham was second in 28min. 39sec., and R. Lingham was third in 28min. 47sec.

I. May again won the mid-week "10" in 25min. 8sec., and he was an easy winner of the evening events contest. In the latest event J. Southerden was second in 25-34, R. French third in 25-35, and L. Chambers fourth in 25-36. M. Carpenter did a fast tricycle ride of 26-37.

Tomorrow members meet at London-road, St. Leonards, at 8 a.m. Tea will be at Buxted.

SPARTAN CLUB

The run on Sunday was to Romney Marsh in support of the Kent C.A. 12-hour trial. After seeing the riders through Brenzett in the morning members rode up to the finishing circuit at Headcorn, and as there were no Spartans riding they busied themselves feeding and encouraging the riders of the other local club, Hastings and St. Leonards C. and A.C.
