

Wc

Finally thanks to all not mentioned above who contributed event. Remember that if all member Clubs had been able to contribute as marshals for the event, each Club's load would have been lighter and those people who gave so freely of their time would have been able to see more of the event. I hope all riders will be back next year, bringing more support with them and we'll have a bigger and better still event.

A. J. Bathurst.

September, 1964.
