+ Amended handicap.

Once again the rising wind spoilt many hopes of fine rides and probably accounted for the large crop of D.N.F's.

Riders who found the second 50 times slow, should note that as well as the headwind for most of the way, the 100 point is about 400 feet higher than the 50 point.

Congratulations to all prizewinners who should claim their awards as soon as possible. The trophy and medals will be presented at the K.C.A. dinner in December.

Main feeds were supplied by C.C. Bexley, Southborough Wheelers, San Fairy Ann C.C., Wigmore C.C., Ashford Wheelers, Gravesend C.C. and Medway Velo Club.

My thanks to the many clubs who readily agreed to help with the marshalling and to the one or two personal helpers who were stopped along the road to do some emergency marshalling. Thanks also to the timekeepers who staffed all 15 circuit stations again.

One pair of moccasins was lost at the start; if anyone knows their whereabouts please contact me.

With the exciting position now created in the Association, B.A.R. competition, a good turnout should be expected for the final 25 on September 20th.

Thanks to everyone for making the event so enjoyable.

LES HAYMAN.
