D.N.S.

Once again the event proved to be a good social gathering as well as a fine and exciting race, especially among the three leaders. Twenty riders are still fighting the Association BAR competition and with all the leaders still neck and neck the result will again hinge on the last 25 on September 19th, (entries to Frank Marshall please).

This year's hazards included encounters with loose donkeys on the course and the chief timekeepers near accident when avoiding a peacock !

The credits for this event would take a longer list than the results as it requires over 100 people to see it run successfully. Feeds were supplied by C.C. Bexley, Southborough & District Wheelers, San Fairy Ann C.C., Wigmore C.C., Ashford Wheelers, Gravesend C.C., and Woolwich C.C. Timekeepers manned all 15 circuit stations as well as intermediate distance checks. Tom Bray once again prepared most of their paper work.

My sincere thanks to the many marshalls, some of whom were on duty for over six hours. My apologies to those who I allowed only 20 minutes between their 3 hour feeding stint and their 4 hour marshalling stint 10 miles away !

I'm sorry there were not more finishers (and indeed starters !) it makes it so much more interesting for the helpers. Congratulations to all riders. Will prize-winners please claim their awards from me as soon as possible.

Tricycle queries and claims should be addressed to Pete Reynolds, 37, Durant Road, Hextable, Kent.

Note the dead heat for last place after different cut-outs, different finishing points etc. Surely something of a record.

Les Hayman
