Hastings and St. Leonards Cycling Club.

Dear Members,

A few years back following the death of my wife, your secretary Esther Carpenter wrote me a very nice letter including request that I should be nominated as Vice President of your club.

It so happens I have only just come across this letter amongst some old correspondence and would take this opportunity of my very sincere appreciation for that very kind gesture. It is rather late in the day of course to raise this matter now, but with increasing years it is very likely I should be leaving Hastings in the near future. I would not however like to leave behind me any possible thought that your kindly invitation was not fully appreciated.

Wishing your club continued prosperity.

Jimmy Ham
Your most sincerely
