Congratulations to all competitors for providing an afternoon of very keen and entertaining racing. A glorious Spring afternoon made for perfect racing conditions - ideal for spectators and marshalls also.

The new version of the course we used 3 years ago proved to be faster, perhaps the weather helped a great deal, and the event record of 1.2.52 held by Doug Sheehy was bettered by 6 riders.

The new 10 course seemed to have few problems for Shaun Yates who hurtled round in 24.27 and astounded most people with the quality of his ride.

Commiserations to Alf Engers who went off course about  $\frac{3}{4}$  m from the finish and lost an estimated 25 seconds.

Thank you to the ladies for providing all and sundry with tea and cakes etc.

The Central Sussex C.C. intend to continue using this year's courses for future promotions and we hope to see you all again at Staplefield in 1979 along with a few more of your friends.
