Dear Timekeeper,

I have compiled a proposed club event calendar for the 1982 season. There are a few changes, as well as a few additions, to last year's events.

I would appreciate if you would study the enclosed list and let me know the events for which you might be prepared to do the timekeeping. Please don't feel you will be held to any date, as this is only to give me an idea of which events I can promote.

I hope you will be able to help again in what is an important but somewhat "taken for granted" job in the club. I also hope that the riders in the club will support these events to make your job as timekeeper worthwhile.

Thank you for your co-operation.

Yours sincerely

Alan Brooks.

A Brooks
