

MARK Markowski and Robert Allen scored a great one-two in the recent Kent League two-day event.

Robert was first over the line at the end of stage one, and scored enough points to secure his first-category licence.

Stage two resulted in Mark emerging as overall winner of the event, a result which confirms the Hastings duo's dominance in the recent Kent League races.

Sunday's club 10 mile event saw Peter Baker in excellent form again, breaking the Castleham course record with 26 minutes.

## CYCLING

Second was Robert Sier in 26min 59sec and third newcomer Paul Cox in 27min.

Paul made a good impression in his first ride with the club, and followed this by winning the Observer trophy at the mayoress' charity rally in

Alexandra Park, with a lap time of 23.28sec.

Alan Brooks took time off from his organisational work on the rally to record 28min 41sec in the 10, and Steve Geran finished in 30min 34sec.

The well-attended rally, with one-lap time trials for allcomers, and a BMX display by the Turners Cycles team, completed a most successful day.
