

CYCLING

ROBERT Sier produced an excellent ride to win the Rye-Hythe-Rye event held last Sunday.

He covered the 43½ miles in 1hr 47min 25sec to score a win which will see him taking over the trophy given for this event at the club's annual dinner.

Vic Butler finished second in 1hr 50min and Dave Blackman, riding his longest time trial to date, lasted well to record 1hr 52min 37sec.

Steve Geran was fourth in 1hr 53min 15sec, and Martin Baker finished in 2hr 10min 4sec, a ride which showed promise for this young rider, particularly as it was over four times his normal racing distance.

Robert Sier also rode the Lydden circuit on Saturday, finishing 15th in the main bunch. Schoolboy Jeff Smith was pleased with his fourth place effort in the 16-mile event, and is now regularly producing good rides on this circuit.
