

● Five Sussex cyclists are taking their talents to Germany to help reinforce their town's twinning links. The Hastings and St. Leonard's club are sending them to Schwerte, West Germany, which is twinned with Hastings. The visit, over the Easter weekend, is also aimed at providing the riders with experience of competing against top continental riders. They will take part in three races, a 60-mile road race through Schwerte town centre, a 90-mile stage race and a 70-mile circuit race. The five taking part are (left to right): Alan Brooks, Robert Allen, John Willis, Russell Walsh and Peter Baker.
