The late appearance of marshalls at the A.130 slip-road was not the fault of Bishop's Startford C.C., but a failure in the confirmation/double checking/chasing-clubs-that-do not reply to requests system. The incident, exaggerated in a letter to 'Cycling' was unfortunate but the event still proceeds in accordance with R.T.T.C. Regulation No.38. Two letters to 'Cycling' correcting information given by two correspondents were with-held for reasons yet unknown.

Some intermediate times are also included but because of a tight schedule these were biased towards the latter part of the field. Thanks to Alan Deuters for supplying this information from his exercise.

Thanks are due to the 36 other marshalls, particularly the ones that covered the omission and to the secretaries who confirmed the marshalling requests before they were contacted, especially Ken. McDonald who supplied particulars of the volunteers and stamped- addressed envelopes.

Thank you to June and Les. Kennington for handling the refreshments and Dave. Bristow for time keeping.

Many thanks also to riders who provided stamped-addressed envelopes and reduced my writing workload.

Commissarations to John Golder who only completed 100 yards of the course (not a marshalling deficiency) after locking himself out of the car, almost incurring a late start then failing to negotiate a pair of toe clips finally head-butting the top of the gift hill. Thanks to Ken. McDonald and Kieth Richardson for their prompt attention to John, the ambulance and the bike.

Sue. Bright was unable to assist timekeeping through sudden illness.
