#### GENERAL SAFETY NOTE

Negotiating roundabouts:- Give priority to traffic from your right, signal clearly to other road users the course that you are intending to take.

Safety - not your performance, is the first priority.

Riders please be warned: Dangerous riding causes accidents and is endangering the future of the sport. Keep your head up at all times. Avoid U-turns even when warming up and particularly after finishing. Keep a safe distance from the kerb but do not ride out in the traffic. Be familiar with R.T.T.C.Regulations.

#### RECKLESS AND CARELESS DRIVING BY MOTORISTS

Such cases should be reported to the Police even though perhaps the car registration number cannot be remembered.
