

EVENING TIME TRIAL SERIES 1996

The evening series begins on the 8th May with the first Pevensey 10. It is important that we have sufficient timekeepers and marshals for each event so I have prepared the attached list showing details of each race. Some of the names were volunteered at the recent club evening, others I have had to compile without agreement as the Police notices had to be sent away in early March. If you are unable to cover the events that you have been listed for, please rearrange your evening with others who may be willing to help out. If you can talk a relative / friend into covering your turn then even better although it is advisable to have at least one club member at the finish as they are more likely to recognise riders as they cross the line.

I may have missed some members off the list but please volunteer to relieve others as it is important that we cover ourselves in case of any mishaps etc. The timekeepers will be responsible for ensuring that sufficient marshals are available to cover each point listed on the police notice and should not run the event if safety could be at risk.

Due to work commitments I am unlikely to be able to attend many, if any of the races and therefore need someone to take the race numbers, start sheets, stopwatches etc. to each race. Any takers?

One final point stems from last year's series when at times we came very close to not being able to safely run some races due to a lack of marshals. It is up to everyone involved in the time trials to help out to ensure the success and safety of this year's series.

Rob Dixon
01424 717376

P.S I will maintain the league table again if someone is willing to forward me copies of the finish sheets. Thanks.

CLUB HANDBOOK

Also attached is the club handbook as it stands at the moment for 1996. It is not yet finished but I hope to add pages to it throughout the year. This should include pages on the club history, club rules, main open time trials, main road races, personal best times, veterans standard times and a cover for the handbook. Any contributions to the book, in particular a brief club history and the front cover design would be appreciated if there are any volunteers. The handbook is in loose leaf format so that it can be added to each year without the need for a complete reprint. Please let me know if you have any suggestions for improvements or additions or if any details are incorrect.

Rob.

Du Cros Shield	For the fastest 10 by a member in any event
Bliss 12 hour shield	For the greatest distance by a member in any event
Chairmans Cup	The Chairmans choice
Hastings Rye Hastings Trophy	For the fastest member in the 1996 event
Rye Hythe Rye Trophy	For the fastest member in the 1996 event
Hill climb Trophy	For the fastest combined hill cimb times
Evening series - Overall winner	Top points scorer
Best Juvenile	Top points scorer - under 16
Best Junior	Top points scorer - under 18
Best veteran	Top points scorer - 40 and over
Best Lady	Top points scorer - ladies
Best All Rounder	See page on qualifying distances
Junior Road Racing Trophy	To the club junior attaining most BCF points
Senior Road Racing Trophy	To the club senior attaining most BCF points
Harry Smith Vets 50	For the fastest 50 by a veteran member
Senior 10 mile open Trophy	For the fastest 10 mile by a member in any event
Roy Hillman Trophy	Best position in divisional championships

BEST ALL ROUNDER

Senior Men	25 . 50 . 100 miles
Senior Ladies	10 . 15 . 25 miles
Junior	10 . 10 . 25 . 25 miles

Qualifying distances for the Best All Rounder competition are shown above. The competition is open to first claim members only and is based on the riders fastest performance during the season in open, club or association events. The performances are calculated in terms of miles per hour for each of the distances and an average is then taken to give the final result. Only events up to the 30th September may count towards this or any other trophy (except for the club hill climbs).

EVENING TIME TRIAL SERIES

This series is based on the 18 events listed below. Points are awarded as follows for each event. 1st = 12 points, 2nd = 10, 3rd = 9.....11th and all finishers = 1 point. The winner of the series is the rider with the highest score from their ten best scoring events.
